

BIT 4107 – Mobile Application Development

ENHANCED PROFESSIONAL STUDENT LOGBOOK

Student Name: EMILY OTIENO

Admission Number: BIT/2024/45448

School/Faculty: COMPUTING AND INFORMATICS

Programme: MOBILE COMPUTING DEVELOPMENT

Academic Year: THREE

Semester: TWO

Lecturer: MR NYORO

Phone Number: 0111371596

Week 1: Introduction to Mobile Application Development

Practical Activities Undertaken

Only screenshots are needed, and labeling

Screenshots/Evidence Attached (Yes)

Tools/Software Used

Flutter dart, google chrome

Personal Reflection

Working on the water delivery app System improved my skills in Flutter development, UI design, and problem-solving. I learned how to create and connect different app screens, handle user interactions, and troubleshoot errors. This project increased my confidence in developing mobile applications and strengthened my software development knowledge.

Week 2: Mobile Development Environment

Same as week 1

Login page

The screenshot shows a web browser window with the address bar displaying 'localhost:53542'. The page has a light blue background. At the top center is a blue water drop icon with a white crescent moon inside. Below the icon is the text 'Water Delivery'. There are two input fields: the first is labeled 'Email' with an envelope icon, and the second is labeled 'Password' with a lock icon. Below these fields is a large green button labeled 'Login'. At the bottom center, there is a link that says 'Create Account'.

Register page

The screenshot shows a web browser window with the address bar displaying 'localhost:53027'. The page has a light blue background. At the top, there is a purple header bar with a back arrow and the text 'Register'. Below the header is a purple plus sign and a person icon. There are two input fields: the first is labeled 'Email' and the second is labeled 'Password'. Below these fields is a purple button labeled 'Register'. The bottom of the screenshot shows a Windows taskbar with various application icons and a system tray on the right displaying the date and time as 'FRI 11:50 PM 6/15/2020'.

Week 3: User Interface Design

Same as week 1

Week 4: Event Handling and User Interaction

Same as week 1

Week 5: Data Management

Same as week 1

Add Customer
